

Continuity of Education - Update 03-04-2020

Dear Parents and Carers,

Mrs Fletcher, our Religious Education Coordinator, has prepared a short [Children's Liturgy](#) for your children to engage with on Sunday in lieu of being able to participate in Palm Sunday Mass - I urge you to spend time as a family to partake in this Liturgy!

Today you would have received a message from Dr Tony Bracken, Acting Director of Schools, in relation to the arrangements for next week.

As stated in the letter, Home-Based Learning will continue on Monday with activities that will not require teacher guidance and will cease from Monday afternoon until Term 2. It is important to note that our School will remain open next week to provide care and supervision for the students of those families that require this facility. OSHC will also operate as per normal next week, offering supervision before and after school for their enrolled students.

We will continue to provide updates as we receive them, but I encourage parents **not to listen to unofficial comments on Social Media** - these only cause stress for our Community. Be assured, you will hear from me of any changes to our situation.

[Please click for our Parish Bulletin.](#)

Please enjoy the weekend with your family!

Regards

Craig McNee
Principal
